# Wake 46 yacht wins MYDA

**A**t the Seatec, the international exhibition of technologies and subcontracting for boat and ship builders, held in Milan in January 2008, the Millennium Yacht Design Award (MYDA) for the category New Motorboats up to 15 metres was awarded to the Wayachts shipyard for its Wake 46 yacht. This prize rewards projects that have made a significant contribution to the development and innovation in yacht and ship design. The Wayachts, an Italian yacht builder located in Milan with production in Naples, was founded in 2006 and the Wake 46, a 14 metre day cruiser with refined design and high-level performance, is its first vessel, designed by the architect Francesco ROLLA. The innovative lay-out design reflects the desire to turn away from the traditional "walk around" concept and replace it by a "live around" philosophy. "To live, to feel, to see the sea in a different way": the Wayachts' "Sea Different" slogan. This means crossing new roads, creating a versatile product for a multi-faceted clientele, composed of families and the passionate younger generation.
